Mr. Perry Wolff, Producer
CBS Television
New York, N.Y.

Dear Mr. Wolff,

For the first time in a very long time, tonight I looked at a TV show other than the news. For the first time in a very long time it was worth it. Thanks.

The show was yours, I believe the first of the series on the Negro in America. Really a fine job!

If you can send me a Xeroxed copy of the quotes from Morrison and Conager, I'd appreciate it very much. I want to keep them on hand and doubt if I could find those editions of their work in the libraries available to me.

Sincerely yours,

Harold Weisberg
